ACM Medical Laboratory Names New Senior Director of Laboratory Operations at US Facility

ROCHESTER, N.Y. (January 20, 2014) – ACM Medical Laboratory, Inc., a division of Unity Health System, is pleased to announce that Kathleen C. Leibenguth has joined ACM as Senior Director of Laboratory Operations. Kathleen will be responsible for the administration of the United States laboratory departments, including oversight of personnel, financial performance, vendor relationships, quality and regulatory compliance. Kathleen will also be responsible for managing the operational support functions for the Medical Diagnostic business – Logistics, Patient and Homebound Services, Client Services, Problem Resolution and Specimen Processing.

Kathleen comes to ACM with a wealth of experience in clinical laboratory and health care administration. She was the Administrative Director for the Department of Pathology and Laboratory Medicine at Genesee Hospital and Senior Director for the Pathology and Laboratory Departments of Rochester General Health System. Kathleen was the Senior Director for Oncology Service Line and the Lipson Cancer Center at RGHS, and most recently, she was a Senior Administrator at Roswell Park Cancer Institute in Buffalo, New York.

A Rochester resident, Kathleen graduated from Daemen College in Buffalo with a B.S. in Biology, and earned a Master's degree in Microbiology and Immunology from the University of Rochester.

"ACM is delighted to have someone with Kathleen's depth of knowledge and experience join our laboratory leadership group; her addition to the team greatly strengthens our scientific capabilities, and is a great example of our commitment to continual improvement of the capabilities and service we offer to our clients," said Dr. Mary Williamson, ACM's Vice President of Scientific Affairs and Laboratory Operations.

About ACM Medical Laboratory
